## What it is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the eye known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful instrument. Office hours 8:30 to 12:30; 2 to 6. 302 S. Elm St.

Greensboro, N. C., June 1, 1899

I have used the Harris Lithia Water both this season and last and find it to be of great benefit. I would recommend its use to those suffering from indigestion and other stomach troubles.

## LAST NIGHT AT THE ACADEMY.

"Captain Dick" Made a Big Hit Before a Large Audience.

Last night about seven o'clock a fierce storm of wind, lightning and rain burst over the city in intense fury. The streets were flooded with water, and the rain continued to fall up to half past eight, the hour for the opening of the great military play, "Captain Dick," at the Academy of Music. But the people of Greensboro were determined to see what there is in home theatrical skill, and when the curtain arose, notwithstanding the most inclement weather, a large crowd had left their homes and assembled in the Academy.

The audience was expectant, and a few giddy girls twittered in anticipation of the diabolical failure which was expected. Home talent is almost always at a discount, but last night the fallacy was easily exploded, and Greensboro cannot produce as good a theatrical performance as a large number of the professional troupes.

The plot of "Captain Dick" is deeply interesting; the scenery very pretty; and the costumes of the players last night were gorgeous.

Mr. Geo. W. Pritchett took the leading part, playing it exceedingly well, being ably supported by Messrs. B. S. Phillips, Geo. P. Phillips, J. M. Rosenblatt, J. A. Logan, and others.

Messrs. J. M. Phillips, J. J. Smith, A. K. Venab's, W. R. Pleasants, and Chas. J. Lambie are deserving of praise for the excellent performance of their respective roles. And Messrs. Bertram and Willard, being professionals, of course did their part to perfection.

Mr. Lyndon Hall, as "Hannah," and Mr. Joe Tate, as "Pete," repeatedly brought down the house. Misses Marie Wolfe, Susie Stone, and Juanita Cooper went through their respective roles with the most graceful ease and ability.

The strongest characters were Mr. J. T. Rees and Miss Hallie Hall. The former, in the character of Hans Guggelheimer, played with the nonchalance of a professional. As the star actress of the drama, Miss Hall was a great success, showing correct interpretation and astonishing skill for so short a term of training. She has undoubtedly a high degree of histrionic genius.

The whole cast was strong and the play was presented with remarkable ability for amateurs.

The audience was delighted, each act closing with grand tableaux. The effect at the close of the third act was fine.

"Captain Dick" will be reproduced tonight, and all who wish to spend a pleasant evening and encourage a worthy cause, should not fail to go out and see it.

## WARRANT FOR CARRIE JONES

Issued Today for Kidnapping Little Marion Clark.

By Wire to THE TELEGRAM.  
New York, June 2—Upon request of Chief Detective McLaughlin a warrant for Carrie Jones was issued today charging her with abduction. The arrest and a full exposure of the kidnapping plot is believed at hand. Detectives left for New City, Rockland county this morning to arrest Jennie and James Wilson, and will bring them to the Tombs unless Rockland county refuse to allow them go. A great crowd was in front of the Clark house this morning.

## THE RUSSIAN DEMAND

Has Not Been Complied With by China.

By Cable to THE TELEGRAM.  
Peking, June 2—The Russian demand for a concession for the construction of the railway from Manchuria to Peking, is still in abeyance. The Russian minister states that he has referred the matter to his government. The Chinese hope the demand will be withdrawn.

## Du Clam Reported Arrested.

Paris, June 2—The Echo de Paris this morning says that Gen. Zurlingon has consented to the provisional release of Col. Pequet. The Republic has a report that Du Clam was arrested last night. Several papers announce that proceedings will be taken against Gen. M. Reier, former minister of war, and other officers.

## Change in Shipping Point.

On and after this date all shipments for points on or via A. & Y. R. R. should be delivered at the Southern Railway depot. Passenger trains will arrive and leave from A. & Y. depot as heretofore for the present.

## Earthquake in California.

By Wire to THE TELEGRAM.  
San Francisco, June 2—A sharp earthquake shock occurred throughout north and central California just before midnight. The vibrations were from north to south and continued four seconds. Glassware and windows were broken and plastering cracked.

## GIDDY REVELRY AT MANILA.

Our Commissioners Give the Filipinos a Grand Ball.

## PROMINENT PERSONS PRESENT

The Americans Seek to Foster Feelings of Friendship in the Natives For Themselves.

By Cable to THE TELEGRAM.  
Manila, June 2—The United States Philippine Commission last night gave one of the most brilliant balls that Manila has ever seen. One series of the entertainment was intended to foster feelings of friendship between the Americans and the natives. The newly appointed judges, Gen. Otis, a number of other American officers and many wealthy natives were present.

NO VOLUNTEERS YET.  
Washington, June 2—The cabinet decided today that there is no present necessity for an enlistment of volunteers.

## NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU  
HIGH POINT, N. C., June 2.

D. S. Leak, who has had charge of the Standard Oil wagon here, has resigned his position to travel for Leak Bros. & Co., tobaccoists, Kernersville.

W. H. Ragan, a trustee of the A. & M. College, went to Raleigh yesterday to attend an important meeting of the board.

The funeral services over the remains of Mrs. Mildred English were held at Springfield yesterday morning at 10 o'clock.

It is reported that there was an attempt at burglary at the home of John Riley Brown last night. This kind of delinquency is becoming too frequent. Make quick work of the rascals with a dose of cold lead.

High Point's "Invincible" third nine went over to Guilford College yesterday and crossed bats with the Quakers in their diamond. Our boys were made to bite the dust. The score stood 13 to 10 in favor of Guilford.

High Point is in the midst of a building boom—not the empty kind, but a boom indicative of a good solid growth. We learn from some of our lumber men who have contracted that the aggregate amount of building going on here at present and to be in a few days is over \$25,000, and the end is not yet. This will give us a class of houses that has been in demand for some time. The way to reach the top round is to keep on climbing the ladder of prosperity.

From a reliable source we learn that negotiations are now going on for an electric car line to connect High Point and Winston. The only obstacle that seems to be in the way, if any, is figuring in the difference of such a line where both places own their electric light plants. The people in that section of Forsyth county have it in their minds to come here either by electricity or steam and we had as well prepare to receive them.

The schools in and around Archdale will picnic tomorrow in the grove at Trinity. A big crowd is expected if the weather is favorable. Music will be furnished by the Archdale band. Thanks for an invitation.

The 15 months-old child of Mr. and Mrs. John Shelton, which died Wednesday morning of cholera infantum, was interred in High Point cemetery yesterday.

Mr. Whitmore, our popular baker, has made some alterations at his place of business this week. We have not questioned him but are inclined to think that he is getting ready to open a first class ice cream parlor in connection with his bakery. This would meet with the hearty approval of the community.

W. P. Pickett, who was appointed to correspond with parties in Danville and Mt. Airy about the union picnic excursion, has heard from both places and they offer to treat us so well that it is hard to decide between the two. However, we are inclined to think that Danville, Va., is the favorite as Reservoir Park, where the school is invited to picnic, is a beautiful place and then going out of the state would add much to the enjoyment of the trip.

## Nash Nominated.

By Wire to THE TELEGRAM.  
Columbus, O., June 2—George K. Nash, of Columbus, was nominated for governor by the republican convention today on second ballot.

## A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. I saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my daughter much suffering—Yours truly, Mrs. Geo. F. Burdick, Liberty, R. I. For sale by C. E. Holton, druggist.

## NEW ORLEANS' YELLOW JACK.

The Case There Interests the Marine Hospital Bureau.

## OTHERS WILL HARDLY FOLLOW

However, Thinks a Prominent Official of the Bureau, if Due Precautions Are Taken.

Special to THE TELEGRAM.

Washington, June 2—Considerable apprehension is felt at the marine hospital bureau over the case of yellow fever reported at New Orleans. The officials, however, believe that the state authorities of the surrounding states, and the efforts of the marine hospital service will be sufficient to prevent a recurrence of the epidemic in the yellow fever section. Surgeon General Wyman has dispatched an official to New Orleans from Washington to make an investigation, and to report to the marine hospital here. The officials at Washington are more than ever convinced of the necessity of extending the scope and authority of the national health authorities, and according to the present understanding at its next session congress will be asked to pass some legislation to accomplish this.

An official said at the marine hospital bureau Thursday when seen, that he did not believe that the case of yellow fever at New Orleans was caused by any remaining germs from the epidemic last summer. The cold winter, he thinks, was sufficient to entirely stamp out the disease germs in the southern states. He thinks it most likely that the germs were transmitted to this country from Cuba, through the lax enforcement of the quarantine regulations. He does not believe, if the precautions are now taken, that this case will necessarily be followed by others, though it will be necessary for the officials at all times during the hot season to observe strictly the quarantine and health laws, and to work in harmony, and without the friction which is sometimes engendered between the various local and state boards of health.

Senator Martin was in the city Thursday morning, having come from Virginia Wednesday night, and registered at the Metropolitan Hotel. The Senator is much pleased with the senatorial outlook in the state, and is confident of succeeding himself in the senate.

Mr. Clarence Thomas, of Loudoun county, Virginia, a young lawyer of this city, has just returned from a trip through Loudoun and Fauquier counties. He says that the sentiment in those counties among democrats is practically unanimous for the sentiment. He thinks that Martin will be re-elected with only very little opposition.

General C. M. Shelley, of Alabama, who has been prominently mentioned in connection with the democratic nomination for the governorship, was at the Metropolitan Hotel yesterday. He stated that he does not believe that General Joe Wheeler will seek the gubernatorial nomination. It is the General's opinion that General Wheeler will resign his commission in the army at the beginning of the next session of congress, and will re-enter the active service of the house of representatives.

A fair has been in progress for several days, under the auspices of Gonzago College (Catholic) for the benefit of St. Aloysius Church. Among other attractions, a round trip to Asheville, North Carolina, is being voted to the most popular person in the District. Among the names entered are those of Col. Henry May, commanding the 1st Regiment, and Col. M. Emmet Urell, commanding the 2nd Regiment, District Columbia National Guards. The former has received 101 votes, and the latter 33. The fair closes Saturday.

William C. Franklin has been commissioned postmaster at Linville, North Carolina.

Walter W. Carter has been commissioned postmaster at Vance, North Carolina.

Mrs. J. B. Hubbard, accompanied by her daughter, Miss A. Hubbard, and Miss V. Strickland, of Southern Pines, N. C., are in the city for a few days. The ladies are stopping at the Metropolitan Hotel while at the national capital.

Mr. John W. Morrison and wife, of Charlotte, N. C., are in the city, being registered at the St. James Hotel.

W. P. Pegram, of the Third North Carolina Regiment, is in the city for a few days. He is registered at the National Hotel.

It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by C. E. Holton.

## A FINE STILL CAPTURED.

Revenue Raiders at Work Near Julian Yesterday.

Raiding officers Hair and Easley, of the revenue service, with T. C. Bray as assistant, made a beautiful and exciting raid yesterday about three miles below Julian. They left Greensboro yesterday by private conveyance and though their hack broke down when they were three miles from the scene of illegal manufacture of corn juice they proceeded on foot and destroyed the still about 2 o'clock. They were discovered about a quarter of a mile from the still by a sentinel, a fleet-footed country youth who literally murdered distance on his way to it to give the alarm. The officers followed as swiftly as possible but he being acquainted with the country darted through the bushes like a cat and when the raiders reached the still it was deserted. The distillers had made a hasty departure, leaving the distillery in full blast and all the implements used in the manufacture of whiskey lying around. The officers went immediately to work with their "devils" and in a remarkably short time the still was rendered forever useless and about fifteen gallons of whiskey poured out.

This still had a capacity of about 85 gallons and was of the best make, one of the finest the officers say they have ever seen. Pieces of the cap and worm made of heavy copper were brought back. It was well secreted—located in an almost impenetrable thicket near a branch and would never have been found without the "waybill" furnished the raiders from the revenue officers.

Storm at Knoxville.

By Wire to THE TELEGRAM.  
Knoxville, Tenn., June 2—A severe electrical storm, accompanied with a light earthquake shock, passed over the city this morning. Lightning struck the city hall, seriously injuring Policeman Wayland.

Boothill Barrett—"This fellow Hamphat is pretty rank, but yet I hear he's been taken on to do the leading work in the West." Barnes Turner—"Yes, the lucky dog knows all the shortest routes, you know."

Miss Della Elgerton, of Guilford College, is visiting her sisters, Mrs. J. T. Lashly and Miss Bertha Edgerton, on East Washington street.

Messrs. J. D. Gwynn, L. L. Sapp, Francis Womack and W. L. Pannill, of Reidsville, attended "Captain Dick" at the Academy last night.

Frank Plummer, a University student, spent last night and today in the city with relatives. He will visit other relatives in Archdale before returning to his home in Sanford to spend the vacation.

Two white ladies, neighbors, in West Greensboro became involved in an unfortunate and furious fight yesterday afternoon and armed with a baseball bat and an umbrella respectively, inflicted quite painful wounds upon each other before they could be separated.

#### WOUNDS PROBABLY FATAL

Fletcher Jones, of Reidsville, injured During the Cyclone.

A telephone message from Reidsville today, says that Mr. Fletcher Jones, a member of the Reidsville Concert Band, who was injured when the race track pavilion was blown down during a cyclone Wednesday afternoon, an account of which appeared in yesterday's Telegram, is probably fatally injured. At first it was not thought that his wounds were serious, but he has grown worse since last night and is not expected to live long. The following is from yesterday's Reidsville Review:

Fortunately, the spot where the band boys were huddled was opposite a big tree which partially held up the roof. Had they been ten feet from that particular spot in either direction they would have been ground into mince meat.

The wind storm was the severest seen in this section in many years. It skirted the southern edge of town and blew down trees, fences, wheat, etc., making a path nearly a half mile wide. The race track grand stand was directly in its path. The old wind mill at Mrs. Boyd's place toppled over.

#### Another Midnight Visitor.

Late last night some one was heard rattling the lock on one of the doors at the residence of Mr. W. B. Keefe, on Walker Avenue. Seeing that it was a negro, Mr. Keefe ordered him away and when the negro showed no inclination to vacate, thrust a pistol out of a window and began firing. The negro took the hint and fled without ceremony.

A great deal of shooting has been resorted to by residents of the city lately to frightened nocturnal intruders off their premises, and if the intrusion is not stopped there will most probably be some better aim and consequently some hitting—and possibly a coroner's inquest.

#### Restraining Order Signed.

In the matter of establishing a dispensary in the city of Greensboro, Judge Timberlake today signed an order restraining the city of Greensboro, the board of dispensary directors and the dispensary manager. The order, it is understood, will be served this afternoon, and is made returnable before Judge Bryan on the 21st, at which time he will be holding court in this city. So, it seems, there is to be another fight.

#### MRS. NELSON DEAD.

Passed Away at Sinclair Hospital, Philadelphia, Yesterday.

Mrs. Eliza Nelson, who was taken to Philadelphia Sunday night, for treatment, died yesterday in Sinclair Hospital. Since the death, several months ago, of her husband, Dr. William Nelson, one of the most prominent physicians of Danville, Va., Mrs. Nelson has been suffering from nervous prostration. For some time she had been at the home of her sister, Mrs. B. Frank Mebane, in this city, but, continuing to grow worse under the treatment of the most competent physicians of the city and the tenderest care, she was taken north in the hope that some good might be done. She gradually grew weaker however and barely lingered until yesterday. The remains were brought to Danville this morning. The funeral services will be held there this afternoon and will be held beside the grave of the deceased. Mrs. B. Frank Mebane, Mrs. Lottie Walker and Miss Gray Morehead went to Danville this morning to attend the funeral.

Mrs. Nelson was the daughter of Maj. J. Turner Morehead, of Spray. She leaves a little boy seven years of age. Though her death was not unexpected, it falls as a great blow to her many warm friends and relatives throughout this state and southern Virginia to all of whom the Telegram extends deepest sympathy.

#### Death of an Infant.

Last night at its home on North Edgeworth street occurred the sad death of Marion, the infant daughter of Mr. and Mrs. J. F. Jordan. The funeral services will be held at the residence today at eleven o'clock by Rev. Horace Weeks Jones. The many friends and relatives of the deeply saddened parents have the Telegram's tenderest sympathy.
